Subject: Complaint letter for receiving a damaged product

Dear Mr. Thompson,  
My name is Jason Smith. I am writing this letter to complain about receiving damaged products from your company.  
I have ordered a washing machine on Nov. 11th, 2021. It was delivered to me a week later. When I opened the package, the product was in a damaged position. It was very disappointing to me as I have a lot of trust in your company and this is the first time it has happened to me.  
Therefore, I am requesting you to send a person to take the damaged goods back and deliver me the same product in a good state. And if you don't have the product available in the stock, please refund my amount for the same.

Yours faithfully,

School life is the best time of our life as we make new friends, learn new things and build our career there. School time is the only time which we enjoy most, and when we enter college, we always miss our school life. School life teaches us lots of new things and prepares us to face all the challenges of life. I love my school life and really enjoy it. I have lots of friends, and all my teachers love me. I love my school and enjoy going there every day to meet my friends and learn new things. Everyone keeps on saying that school life is the best time of his life. When listening to these phrases from their elders, the school students think about what is good about this life. All we do in the entire day is to attend the classes and to do the homework. But once school life gets over, the students realize that school life was the best time of their life. Apart from learning great things in school, you make new friends, play different sports and create memories for the rest of your life. The students also learn many life skills like teamwork, good manners, etc. and understand what they want to become in their life.

1. I've been working as a professional clown for nearly two years. Before that, I was an actor for nine years. I was never famous, but I was quite successful! I changed jobs because I wanted to do more in life and make people laugh.

As a clown, I try to encourage sick children in hospital to laugh and smile. When you laugh, your mind and body relax. Clearly, people who laugh more don't have as many colds or other problems! Children who laugh a lot often get better results in their studies, too.

It isn't an easy job. Not all sick children get better, and sometimes I come home and cry. But I always go back to work the next day with my red nose on. I don't earn much money as a clown, but I feel very lucky to work with such brave, wonderful patients.

2. I became a laughter yoga teacher more than two years ago. Before that, I was a dentist! My

job was very difficult, and I used to feel fed up. Now I still improve people's health, but everything else is completely different. Everyone has fun in a laughter yoga class, including the teacher!

No, laughter isn't "magic". It doesn't prevent all illness, keep you young, or make you beautiful. But that is an excellent kind of exercise. You move your whole body when you laugh!

Sometimes I work with famous people. It's true that being rich can be stressful. Some famous people can be unpleasant at times, but I try to change their bad feelings. Laughter is excellent for people like musicians, artists and writers, because it helps people to be more creative.

21. We can learn from the text that both writers \_\_\_\_\_.  
A. are looking for jobs                      B. feel unhappy at work  
C. have changed their jobs                      D. are tired of their jobs
22. Why did the first writer become a professional clown?  
A. He needed an easier job.                      B. He wished to help people.  
C. He wanted to be a successful man.                      D. He liked kids.
23. What does the second writer think of famous people?  
A. They are always rich.  
B. They are stressed sometimes.  
C. They are good at doing yoga.  
D. They are always happy.
24. What do the underlined words "fed up" mean?  
A. Bored.                      B. Satisfied.  
C. Interested.                      D. Excited.
25. What do the two writers' jobs have in common?  
A. Helping sick people.                      B. Getting themselves well known.  
C. Making people happy and healthy.                      D. Making a lot of money.

B

If you feel depressed, it's best to do something about it. Depression doesn't just go away on its own. In addition to getting help from a doctor, here are four ways you can do to feel better.

**Exercise.**

Take a 15 to 30-minute walk every day—or dance, jog, or bike if you prefer. People who are depressed may not feel much like being active. But make yourself do it anyway. Ask a friend to exercise with you . Once you get into the habit of the exercise, it won't take long to notice a difference in your mood.

Try to identify any situation that causes your depression. When you know what makes you feel blue and why, talk about it with a caring friend. Talking is a good way to release the feelings and to receive some understanding. If there's no one to tell, just write in your own book. Once you are influenced by these thoughts and feelings, turn your attention to something positive.

With depression, a person's creativity and sense of fun may seem blocked. By exercising your imagination (painting, drawing, writing, dancing, etc.) you not only get those creative juices flowing, but also have some positive emotions. Take time to play with a friend or a pet, or do something fun for yourself. Find something to laugh about, a funny movie, perhaps. Laughter helps lighten your mood.

Depression affects a person's thoughts, making everything seem negative and hopeless. If depression makes you notice only the negative, make an effort to notice the good things in life. Try to notice one thing, and then try to think of one more. Consider your strengths, gifts, or blessings. Most of all, don't forget to be patient with yourself. Depression takes time to heal.

26. When someone is depressed, he will be \_\_\_\_\_.  
A. creative B. active  
C. negative D. patient

A. let him stay alone B. make fun of him

A. Look on the bright side. B. Try to help others.  
C. Wait time to help. D. Increase your knowledge.
29. What word can be replaced the underlined word “feelings” in paragraph 3?  
A. thoughts B. temper  
C. depression D. understanding
30. What’s the purpose of this passage?  
A. To help you keep healthy.  
B. To learn more about depression.  
C. To stay away from your sadness.
